Based on the prescribed formula the maximum refund amount is computed. The net ITC availed in the tax period is getting auto-populated head wise including transition ITC claimed in that period through TRAN 1/2 and the specified formula for maximum refund is being applied head wise which is resulting in erroneous computation of maximum refund.</p> <p>After these changes, Net Input Tax Credit in table "Computation of Refund to be claimed" shall be computed after considering net ITC availed for the heads of CGST/SGST/IGST which shall be equal to or less than the ITC availed in its return for the respective tax period for which refund is claimed excluding any transition ITC that may have been posted in the ledger on account of transition ITC claims in the said period. The resulting figure would be the maximum refund allowable to a tax payer of net ITC for the combined heads of CGST/SGST/IGST. Similarly refund of Cess will</p>

be separately computed.

Update on Issues Reported by CBEC and States

	Migration Related Issues and updates	
1	Name Updated in CBDT after GSTIN generation: -After GSTIN generation or PID approval, some taxpayers updated their CBDT name details in Income tax department. These taxpayers are now facing issues in core amendment/non-core amendment. e. g. 27AADPV7599N1ZI	For this case, As per CBDT "fullname":"HARESH JAGJIVAN VITHALANI " While user has changed as Hareesh Jagjivandas Vithlani. There is mismatch in the middle name and therefore it is stuck in VAE
2	The option for cancellation in case of Migrated taxpayers in Reg-29 is made available on GST Portal. In the Reg-29 taxpayers have to declare whether they have issued any invoice or not by selecting Yes/No radio button. But, selecting this button is not mandatory. System is allowing taxpayer to cancel his GSTIN without selecting YES/NO radio button. (e.g. 27AAEPR3509F1ZS)	This is being fixed. Will be deployed in production by 28 th Nov.
	Registration/Composition related issues and updates	
1	Dealer who have opted for composition scheme from October are not getting the option of filing GSTR 3 b for the period of July, August and September. Hence they are not able to show their transactions for above three months.	It is currently being tested. It will be deployed in Production by 30 th Nov.
2	(MH) Some taxpayers want to change the Taxpayer type from SEZ/ISD to Regular taxpayer on the basis of wrongly selection of the field in GST application form.	It is as per current implementation. Reason for registration can't be changed. User need to surrender the current GSTIN and apply for new with the correct type of registration

3	New Registered Dealers cannot cancel their Registration	This is to be done by REG-16 form. This form is current under release testing and will be available on production by end of this month.
4	Applicant try to apply for TDS registration with TAN No. but gets validation error email on registered email -id as follows, "This is in reference to Application for New Registration submitted at GST portal. It is observed that details of following PANs are not matched with CBDT database. Kindly fill the details as per PAN details and resubmit the Form.	PAN validation while registering through TAN has been removed and deployed in prod on 28 th Oct
	Returns/Tran/Payment Related Issues and updates	
1	Taxpayer is not able to file GSTR- 4, error - You cannot file as composition in was not opted for this period. Though composition took in July month	The issue has been fixed.
