FAQs > Taxpayer's Categorization

1. Why do I need to add and edit predominant business sector/ nature of business and pre-GST details of taxpayers?

Tax Officials have been given this functionality to identify sector / nature of business in which taxpayer is engaged. They also need to provide turnover/ tax details of taxpayers, for the financial year immediately preceding GST regime, to compare current growth of taxpayers with pre-GST regime. This data will help tax officials in analysis of taxpayers in various MIS/ BI reports.

Click <u>here</u> to know more about Compliance and Data Analysis Reports.

2. Which role can add and edit predominant business sector/ nature of business and pre-GST details of taxpayers?

Registration Approval role can add and edit predominant business sector/ nature of business and pre-GST details of taxpayers. You may contact your state admin to allocate you the Registration Approval role. Once the role is assigned, you can access **Taxpayer's Categorization** module for further action.

Click <u>here</u> to learn about the various roles available in Tax Officials interface and how the Admin can assign the role to Tax Officials.

3. From where can I add and edit predominant business sector/ nature of business and pre-GST details of taxpayers?

Navigate to **Services > Taxpayer's Categorization** to add and edit predominant business sector/ nature of business and pre-GST details of taxpayers.

4. Why the categorization of taxpayer has been done by the GST Portal?

It is done for close monitoring of the taxpayers by respective jurisdictional officers. Therefore, taxpayers are categorized into large, medium and small taxpayers in the GST Portal. Reports are generated based on the category of the taxpayers for further analysis by the Tax Officers.

5. How the categorization of taxpayer has been done by the GST Portal?

Taxpayer categorization has been done based on amount of taxes paid through cash by them (cash utilized + settlement amount) during the previous Financial year.

This categorization of taxpayers is done based on Total SGST Paid (Cash Utilized + IGST Utilized to pay SGST) for Return as well as Non Return Based Payments for the previous Financial Year. Once the total calculation for each taxpayer is calculated: -

- 1. Top taxpayers paying the highest tax equal to ~ 60% of the State's Collection are categorized as "Large" Taxpayers.
- 2. Taxpayers paying the tax equal to ~ next 30% tax (from 61% to 90%) of the State's Collection are categorized as "Medium" Taxpayers.
- 3. Taxpayers who paid remaining ~ 10% tax (from 91% to 100%) are categorized as "Small" Taxpayers.
- 4. Taxpayers who have not paid any tax in the previous financial year are categorized as "Nil" Taxpayers.
- 5. Taxpayers who weren't there under GST in the previous financial year are categorized as "New" Taxpayers.

This ranking of taxpayers is separately maintained for each financial year, based on previous financial year's collection.

How can I as a Tax Official generate Compliance and Data Analysis Reports?

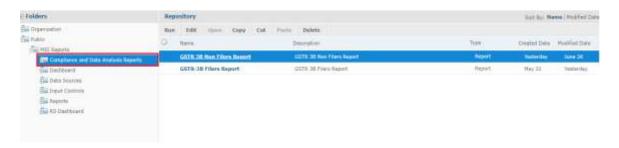

The steps to generate any Compliance and Data Analysis Reports are given below:

Note: The steps to generate any type of Compliance and Data Analysis Reports are same. However, only the steps to select report generation criteria are different, for different type of reports.

- 1. Login to the Tax Official's interface of GST Portal with your Tax Officer's login credentials.
- 2. Click the Compliance and Data Analysis link.

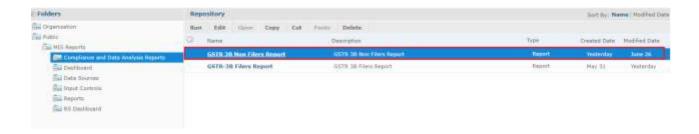

3. The reports screen is displayed with list of Compliance and Data Analysis reports.

4. Click the report name, which is displayed on the right hand side, to view the report. In this example, we have selected 'GSTR 3B Non-Filers Report' report link.

Note:

- Created date is date on which report was added.
- Modified date is the date on which code/design of the report was updated.

- 5. Enter the criteria for report generation. In this example, the field of State can't be changed, since it is auto-populated as per Tax Official's jurisdiction.
- 6. Select the appropriate options from drop down list of Level 2, Level 3, Level 4.

Note:

- Level 1 (State Level) will be default as per user's role. However, user can select the next lower level of jurisdiction for seeing the reports pertaining to that level. A Tax Official having Level 1 access will not only have default access to Level 1 reports, but he can choose any Level 2, Level 3 or Level 4 (i.e. lower levels), to view reports. However, official at level L4 cannot see reports for L1, L2, or L3 (i.e. higher levels), but can only see reports as available in level 4.
- Once a selection is made, next level of jurisdiction will have drop-down values in relation to the previous level selected.
- Levels will be auto populated till lowest level according to Alphabetical order. E.g. If a Tax Official has access to Annuppur and Bhopal-1 (both wards), Annuppur will be auto populated first. However, Bhopal-1 will still be available for selection.
- 7. Select the **Financial Year** and **Tax period** from the drop-down list.
- 8. Select the **Taxpayer's Group, Predominant Business Sector** and **Predominant Nature of Business** from the drop-down list.
- 9. Click the Submit button.

Note: You can click the **Reset** button to reset the values to default in the search criteria for report generation.

Note:

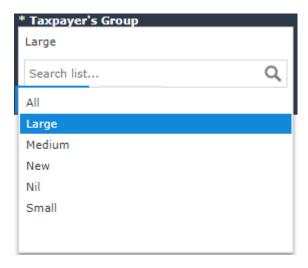

Taxpayer's Group:

Large, Medium, Small: Taxpayers from each State will be divided automatically into Large, Medium and Small group, based on the cash utilized to set off their liabilities, based on Form GSTR-3B/GSTR-4 etc.,

filed in previous financial year, i.e. 2018-19. This grouping will be changed every year, as per liabilities set off by them, in previous financial year through utilization of Cash.

Nil: Similarly, if a taxpayer has filed all "NIL" Returns in the previous financial year 2018-19, then in financial year 2019-20, such taxpayer is categorized under category "NIL".

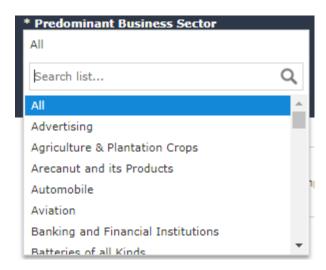

New: If a taxpayer was not registered in the previous financial year, i.e. 2018-19, such taxpayer are categorized under category "New".

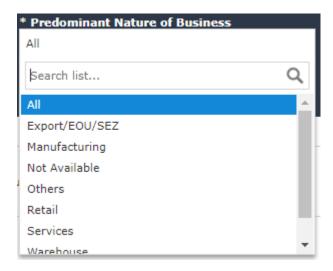

Note:

Predominant Business Sector and Predominant Nature of Business is fetched from a separate utility provided to Tax Officers, where they categorize taxpayers in these category. Tax Officer, through this functionality, will update the Predominant Business Sector and Predominant Nature of Business for every taxpayer in his/her jurisdiction, as a one-time activity. Tax Officer is also required to update this information for every new taxpayer registered under GST.

Click <u>here</u> to know more about the Taxpayer's Categorization.

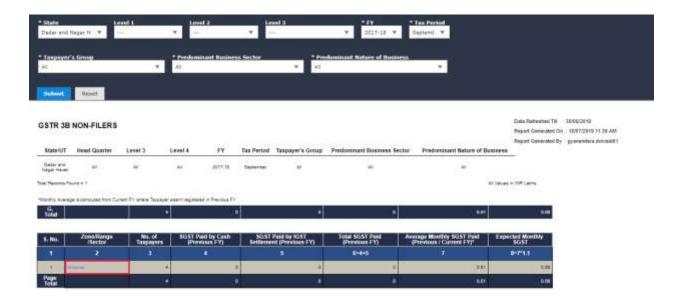

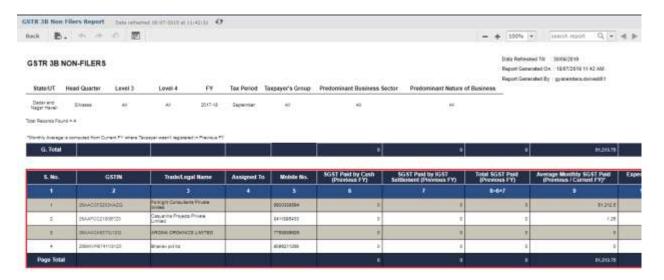

10. Depending upon the input criteria given to run the report, a summary report or a list report will get generated and will be displayed on the screen.
