MESSAGE:			
<p>The revenue target for the Financial Year 2013-2014 for the Commercial Tax Department has been set at Rs 43,800.00 crores. The department is striving hard to achieve the annual target and in this regard the last quarter of the financial year i.e. January 2014 to March 2014 becomes very crucial. In this context, it is absolutely essential that manpower and vehicles of this department are not diverted for any other purposes during this period. It is also directed that in the ensuing General Election-2014, the deployment of officials of this department may be done as last resort for conduct of elections only and not for any other election related duties.</p>
